

St Faith's Uniform Changes from September 2013

Dear Parents and Carers,

Earlier this term the school council asked if we would consider making changes to the school uniform. They asked for school ties and blazers. I talked with them about their request and then presented their ideas to the Governing Body. The governors appreciated the children's ideas and agreed that we should consider proceeding with these changes. The governors did think that the blazers were too costly to include at this time. In June we held a parent's discussion forum where we looked at the school uniform and all the different recommendations. The outcome is that from September 2013 the uniform will change. Please see the pictures below. The school is currently sourcing the school ties and will sell them from the front office when they arrive. I will inform parents when the ties are delivered to the school. A school logo badge and logos on uniform will be phased in next year.

During the summer months the girls may wear a green and white checked dress, and the boys may wear grey shorts.
